## Congratulations to Year 6

I am hoping that today has brought Year 6 some very welcome relaxation after their important week. They have set about each of the six tests with brilliant attitudes and strong streak of determination. For the first test they had to contend with the grammar paper and as we said during it, they will probably never in their lives know as much grammar as they did on that day; more than most of us adults will ever know too! We have had governors in school as part of the monitoring process of our administration and they too have commented very positively on the conduct of everyone.

And so, in keeping with tradition, today we have packed them off to enjoy themselves on the SATs walk. It is of course, Dr Hartwright's first experience of it and I know she is looking forward to it. This year, for the first time, they will walk there and back and so be able to enjoy the expertise of Mr Chapman throughout the day. Well done Year 6, you have made us very proud and we hope the chips are good!

## Trespassing and vandalism on site

Unfortunately, over the past few weekends, we have become aware that people must be getting onto our site over the weekends. A number of things have been deliberately broken.

On the weekend of 12th and 13th May, they were in again and this time have been setting fire to things—at the moment only items of lost property they have found outside but clearly this could escalate to a more significant level. They have clearly been drinking within school grounds and going into all the areas that they can access.

I have been in touch with the police at Southam and am hoping that they will come and monitor our grounds at the appropriate times. If anyone else notices anything suspicious, please could you let us know details as soon as possible so that we can try and put a stop to it?

Many thanks for your help with this.

## Thank you Earthworms

Now that the sun has remembered how to shine and we are enjoying some glorious days and evenings, it is brilliant to see all the work that is going on outside. Areas are being transformed thanks to the on-going weekly work of the young Earthworms and last weekend, thanks to the brilliant efforts of the family Earthworm party.

Working along side them has also been two former pupils, Joe and James who, as part of their Duke of Edinburgh award scheme having been putting time into clearing the raised bed nearest the hall and rebuilding the rotting sides so that it can become a new vegetable bed.

Year 5 have also been doing work on propagation which just adds to the wealth of new life that you can see if you peep through the windows of the greenhouse.

Many thanks must go to Wendy Crowder who continues to contribute both huge amounts of time and brilliant ideas to the project. If you have a bit of time to support, I know Wendy would be delighted to hear from you.

## Parking - again

We continue to receive complaints from some of our neighbours about a lack of courtesy from some people when parking outside school both in Back Lane and on Wagstaffe Close.

Equally, several near misses have also been reported to me from those parents using the staff car park to deliver children to Kids Club. May I remind

parents that we have given permission for this after 5pm, this isn't the case in the morning.

I would again reiterate that this is about the safety of all concerned and ask for your support in making it no longer an issue.
