

Dear Parents/Guardians

June 2018

Welcome back to Year 6's final half term at Harbury Primary School! Hopefully everyone enjoyed the break and glorious weather that we had over the half term week. This half term is looking incredibly busy with lots of exciting opportunities and experiences planned for the next seven weeks. We have lots of learning that is still happening as the children need to continue focusing on honing their skills and increasing their subject knowledge in preparation for transition to secondary school. Expectations for behaviour and conduct around school have not changed and Year 6 must remember that they need to be good role models for the younger children.

Transition to secondary school

For those children who will be going to Southam College next year an information pack was sent out just before we broke up in May.

We will have quite a few opportunities to visit Southam College over the next few weeks (See 'Dates' section for more detail) which should give all of the children a flavour of what goes on at secondary school, regardless of their destination in September.

Two visits will be in addition to the full transition days and will take place inside normal school hours. Transport will be arranged by Southam College.

Please let us know if your child will have different transition days to those going to Southam College.

Paws and Claws

Year 6 are really looking forward to this year's production. Hopefully the children have been practicing their lines and singing the songs at home. These need to be learnt as soon as possible!

Dates:

| | |
|-----------------------------------|---|
| Southam Athletics | Tuesday 12 th June 4:00pm |
| Southam visit (non-core subjects) | Monday 18 th June am |
